

I N V I T A T I O N T O P A R T I C I P A T E

The Government Technical Advisory Centre (GTAC), in collaboration with the National Planning Commission (NPC) invite you to a

Webinar on the contribution of State Owned Enterprises (SOEs) to achieving the NDP Vision 2030

**30TH
JULY**

The webinar will focus on the NPC's position paper on the contribution of State Owned Enterprises (SOEs) to achieving the NDP Vision 2030. The Position Paper focuses on Eskom, Transnet and PRASA and makes recommendations in respect of governance, finance, market structure and government policy and processes. The recommendations contained in the Position Paper are even more urgent in the context of the covid-19 pandemic and the imperative to course-correct towards growth and development path.

The Position Paper is based on four background research papers produced with the support of the African Development Bank (AfDB). These papers contribute to a

wider assessment by the NPC of economic performance and have been publically released with the objective of enabling public engagement on this critical topic. The Position Paper on SOEs and the four supporting papers are available at: https://www.nationalplanningcommission.org.za/Publications_Reports

The discussion will be opened by Commissioner Miriam Altman from the NPC accompanied by the author of the background papers, Ryan Short.

Time: 17:00 – 19:30

Please ensure you RSVP by 29 July 2020
to Anita Rwelamira anita.rwelamira@gtac.gov.za or
